

Speaking Part 1 practice (Units 1, 3, 5 and 7)

There are four sets of questions. Each set comprises of a warm-up question and five questions.

Procedure

Each student interacts with the teacher. The teacher asks the students questions. In the exam, students will be given five to six minutes for Part 1.

Say: *[STUDENT A], I'm going to ask you some questions now.*

Start with question 0 from the correct set.

Speaking Part 2 practice (Units 2, 4, 6 and 8 and the Mid-year and End-of-year Progress Tests)

There are twelve sets of prompt cards, two per test. Each set comprises of an information card and a question card with five question prompts. These will need to be printed out and divided into the two parts.

Procedure

Students work in pairs. In the Key for Schools speaking exam, students will be given three to four minutes for Part 2. Hand out an information card to Student A and a question card to Student B.

Say: *A, here is some information about a [TOPIC].*

B, you don't know anything about the [TOPIC] so ask A some questions about the [TOPIC].

Now B, ask your questions about the [TOPIC] and A, you answer them.

After four or five questions have been asked, stop the interaction. Hand out a second pair of prompt cards, so that Student A has the chance to ask questions, and Student B to answer them.

Marking

The Speaking portion of each Unit and Progress Test should be marked out of 10.

Evaluation

Although students do the Key for Schools speaking exam in pairs, they are evaluated on their individual performance only – not in relation to each other.

Exam assessment focuses on three areas:

- Grammar and Vocabulary
- Pronunciation
- Interactive Communication

While using these prompt cards for exam preparation, you should focus on the same areas.

These are the grade descriptors used by the examiners.

A2	Grammar and Vocabulary	Pronunciation	Interactive Communication
5	- Shows a good degree of control of simple grammatical forms. - Uses a range of appropriate vocabulary when talking about everyday situations.	Is mostly intelligible, and has some control of phonological features at both utterance and word levels.	- Maintains simple exchanges. - Requires very little prompting and support.
4	Performance shares features of Bands 3 and 5.		
3	- Shows sufficient control of simple grammatical forms. - Uses appropriate vocabulary to talk about everyday situations.	Is mostly intelligible, despite limited control of phonological features.	- Maintains simple exchanges, despite some difficulty. - Requires prompting and support.
2	Performance shares features of Bands 1 and 3.		
1	- Shows only limited control of a few grammatical forms. - Uses a vocabulary of isolated words and phrases.	Has very limited control of phonological features and is often unintelligible.	- Has considerable difficulty maintaining simple exchanges. - Requires additional prompting and support.
0	Performance below Band 1.		

For some very useful guidance on how to use these descriptors with your students as you prepare them for the exam, see the Cambridge ESOL Teacher Support website, particularly the Assessing Speaking Practice page (<https://www.teachers.cambridgeesol.org/ts/teachingresources/resourcedetails?resId=9016>) which has a downloadable PDF on 'Assessing Speaking – level A2'. This includes suggestions on how to prepare your students for this part of the exam.
