**Speaker 3:** I don't like sports you play on your own. For me, it's important to be in a team, and I love this game because you play it with a ball. There are six players on a team, and my team plays every Monday and Friday. I think we're quite good!

**Narrator:** 4

**Speaker 4:** I started doing this sport when I was a child. I think the sport comes from Japan. Now I go to my local club and do competitions. We wear white clothes for this sport.

**Narrator:** 5

**Speaker 5:** I go to a park in town to do this. It's great fun, but sometimes it's hard to learn the new jumps. Sometimes my friends and I go into town to practise in the street – but other people don't really like that very much!
